Counsel,

I'm writing to follow up on a few notice-related issues:

??? Please let us know if you have any updates regarding the two remaining disputes raised in our April 26 filing. Any additional information regarding any technical or legal barriers to sending direct notice to accountholders? Any alternative proposed email notice to parents of supervised accountholders? If you have a proposal to resolve these disputes before you submit any responsive brief, please let us know.

??? We want Epiq to start working this week to prepare for providing notice, and attached are instructions for you to transfer information to Google. Are you willing to start providing Epiq with information this week, so they can start reviewing that information? We would expect Google to provide Epiq with at least email addresses, names, (s)WAA-off dates, and additional contact information associated with (s)WAA-off accounts.

??? We have also attached a list of questions from Epiq. The answers to these questions will help the notice program run as smoothly as possible.

Thanks,

Ryan
